After view

We are now ready to summarize an intensive and interesting auction week. The temperature was high; not only metaphorically in the auction room, but also outside with lovely sunshine during the entire week. For the first time in years our auction was held on a Thursday & Friday instead of Friday & Saturday, which seems to have been received positively by our auction participants.

The auction started with The Jutlandia Collection, presented in a separate catalogue. During the one hour it lasted, the auction room was filled with almost only Danish and international collectors. The most spectacular item was the very fresh and fine cover with mixed 22 Skilling franking, which after an intense bidding was sold to an overseas collector.

After a short break we continued with the International Auction # 208 and the Scandinavian countries. A section that surprised us positively was Finland which began with a wonderful pair of 5 kopek blue with small pearls. It sold well above the starting price after intense bidding between a floor and a telephone bidder. That opened up for the rest of the Finnish items, which in general reached high prices.

On the Friday the turn had come to Sweden and the non-Scandinavian countries. Although we are a Swedish company and our auction always contains Swedish items of highest international standard, this time the highlight was the extensive British Commonwealth collection. A mostly used collection in two very well filled Stanley Gibbons Imperial albums in unusually fine quality. The starting price had more than doubled when the bidding ended.

With those two auctions behind us we are now gear-

ing up for the coming stamp season. We will travel a lot during the autumn, so we recommend you to take a look at page 6 in auction catalogue #208 where you will find our calendar. Please also get used to visit our website www.postiljonen.com from time to time, where you will find the latest updates.

We look forward to seeing you again soon!
