Don't Worry, Be Happy! This song title by the musician Bobby McFerrin from 1988 we think is a suitable expression after this past auction weekend. You don't have to worry about our market as there still is a big demand for stamps in general, and especially for those of the highest quality. Be happy for the high price level and that new collectors are joining us.

The absolute highlight was of course part 3 of "The Gummeson Collection of Finland", which met all expectations with 95 percent of the items sold at an average of ca 50 percent above the starting prices. New clients showed up in the auction room and gave the established ones really hard competition. International collectors were present on telephone lines more or less during the entire auction.

We are very proud of the fact that for many years now we have been able to present fantastic Swedish items, from fairly cheap stamps graded 5, 5, 5, to exhibition rarities of the absolute highest international standard. The real gem this time was the unique cover with mixed franking Skilling Banco & Öre, which was sold to an extremely happy collector in the auction room. We look forward to seeing it in his exhibit.

The international section made it very hectic for us to serve all who had registered for telephone bidding. All phones were occupied e.g. during the Brazil and India sections, clients were taking calls in the middle of the night at the other side of the globe.

We now have a few weeks to finalize the past sale before we leave for **Nordia 2017** in Vejle, Denmark, where we will also be handing out our challenge trophy "The Silver Postiljon". Later this year we will as per tradition, be going to Monaco to participate in the prestige exhibition **MonacoPhil 2017**. We will be very happy if you would come and visit us at these events.

Next year is our 50th Anniversary Year! We wish to celebrate this together with you, whether as a consignor, buyer, business colleague or just a good faithful friend.
