Preface

With continued enthusiasm we are happy to present the fifth consecutive catalogue of items from the legendary Gummesson collection with a majority dating back to the Grand Prix winning collection of 20 frames exhibited in Melusina, Luxembourg 1963.

The Oval and Serpentine Roulette issues are well represented this time in the continuation of the Postal History section as well as in the deeply specialized section of postmarks.

We dare say that this auction is the one with the most variation with the last parts from the traditional collection including all issues from Coat of Arms up to the end of the Grand Duchy in 1917. The early part including pre-philately and postal stationery is represented in the sections mentioned above. The deep specialization of the Gummesson collection is exposed in the later periods of cancellations, ship mail, Russian stamps used in Finland etc.

Perhaps the greatest excitement will arise around all the collections being offered, partly remainder collections, but many specialized collections that are sold intact or almost intact as received by us from the estate. It is absolutely mind-boggling to witness the enormous extent of the Gummesson collection, covering every corner and aspect of the philately of Finland up to 1917 and in a depth that is unparalleled.

We wish that many of you have a lot of time to spend at this viewing, we can guarantee that it will not only be interesting and educational, but also a once in a lifetime possibility to closely study such a vast and important collection of one area.

At the viewing in Finland we will unfortunately not be able to bring the bulky collections. However, besides the normal auction viewing you will have an extra opportunity to examine the lots during the MALMEX 2018 exhibition August 31 – September 2. You may reserve viewing time and let us know your preferences.

In connection with our special viewing at Original Sokos Hotel Vaakuna in Helsinki and at the stamp bourse "Oval Point – keräilytapahtuma" in Hämeenlinna you also have the possibility to hand in consignments for our future international auctions.

Or just use this opportunity to meet our team for a friendly chat. We will also bring some literature, as the FFE Journals and FACIT Special Classic 2018 which contains a very interesting article about collecting classic Finland (1856) in **Finnish** and English, by Esa Kärkäs.

*Voit myös käytää tilaisuuden hyväksesi ja tulla tapaamaan tiimiämme. Meillä on mukanammme myös mielenkiintoista luettavaa, kuten FFE lehtiä ja FACIT Classic 2018 luetteloita, jossa on mukana erittäin mielenkiintoinen artikkeli klassisen Suomen (1856) keräilystä sekä **suomeksi** että englanniksi. Artikkelin on kirjoittanut Esa Kärkäs.*

We look forward to seeing you there!

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded.
Your bids must be in Euro and divisible by 10.
The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them *at least 24 hours* before the auction starts.

Extra scans on the web!

For every auction we publish thousands of extra scans on our website www.postiljonen.com including more or less all certificates of single items and a very large number of collections and lots are scanned in their entirety, further many others with selected pages/scans.

In most cases these lots are marked with a picture of a camera in front of the lot #. However, sometimes there may also be scans of lots that do not bear the sign. Please check our website for updates.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.
Due to time restrictions and limited availability of the lots due to ongoing viewings, we must restrict this service of making further scans on individual requests. In the cases time allows us to supply more scans we will charge for the costs of **€ 10 for each request (maximum 10 scans or photos)**

If more than 10 scans are requested, € 1 per scan will be added. **Must be paid beforehand by credit card, please go to "Payments" on our website.**

"Postiljonen Horses"

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

An invitation to consign to the Postiljonen Spring Auction

We are looking for better single items and collections for our International Auction 29-30 March 2019

Conditions of Sale

1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.

2, All bids must be submitted in Euro to which is added 25% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 20% commission, excl. Swedish V.A.T., only for
a. Export to countries outside of EU.
b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows:

Below Euro 500,-	Euro 10,-
500,-–2000,-	50,-
above 2000,-	ca 5%

Bids not corresponding with these steps might be reduced.

3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone or fax. The bidder is personally responsible for any and all his purchases in the auction.

4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.

5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of Euro 10,-. To this may be added additional documented expences. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.

6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.

7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.

8, Submission of verbal or mail bids means that the bidder has accepted above conditions.

9, Swedish law is applicable.

Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.

1. Auktionen är frivillig och sker för inlämnares räkning. Objekt tillfaller den köpare som avgivit högsta bud. Angivna utropspriser är ej minimipriser men är satta så att de skall avspegla ett mycket lågt beräknat handelspris.
2. Alla bud skall ges i Euro. Köparen skall till auktionären betala en provision på 25% på auktionspriset inkl. moms. Om objektet inte hämtas, sker leverans på köparens risk. Porto, transportförsäkring och bankavgifter/kreditkortsavgift tillkommer.
   Köparprovision 20% exkl. moms gäller endast i följande fall:
   a. Vid export till länder utanför EU.
   b. Vid försäljning till moms-registrerade handlare inom EU, *men utanför Sverige*, som uppger moms-registreringsnummer i god tid före auktionen.

   För objekt markerade med • före objektnumret tillkommer 12% importmoms på klubbslagspriset, dock med undantag för a och b ovan. Instruktioner om faktureringen skall ske före eller under auktionen. Fakturor kan inte ändras efteråt.

   Vid auktionen tillämpas följande fasta höjningar av buden:

500,- till 2000,-	med	50,-
över 2000,-	med	ca 5%

3. Avgivet bud är bindande och budgivaren är personligt ansvarig för samtliga av honom gjorda inrop. Annullering av bud kan ej ske, såvida den inte är oss tillhanda senast samtidigt med buden. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles, som vore det eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefon- och faxbud svarar budgivaren för ev. fel och missuppfattningar.
4. Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från auktionärens sida. Auktionären äger rätt att ej godtaga bud, samt att dra tillbaka, omgruppera eller dela objekt. Auktionären har också rätt att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Han förbehåller sig rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning. Vid två eller flera lika bud på samma objekt från uppdragsgivare, tillfaller objektet den som först inkommit med bud. Vid auktionsuppdrag kan reservobjekt medtagas, eller också kan den totala köpesumman begränsas till visst belopp.
5. Betalning sker kontant, mot postförskott eller mot förskottsfaktura. Objekten förblir säljarens egendom tills full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2% per påbörjad månad, räknat på fakturabeloppet, samt kravavgift med Euro 10:–. Dessutom kan ytterligare kravkostnader tillkomma. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar betala, kan objekten utan ytterligare meddelande säljas på köparens bekostnad.
6. Objekten är omsorgsfullt beskrivna, dock kan smärre fel förekomma. Ev. reklamation måste göras senast 10 dagar efter det att objektet levererats. Vid all korrespondens bör fakturanummer anges. Vid godkänd reklamation återfår köparen auktionspris plus provision och eventuell moms. Räntegottgörelse kan ej påräknas.
7. Begäran om förlängd reklamationstid för att köparen önskar sända objekt för expertundersökning, måste ske omgående och inom 8 dagar efter mottagandet av objektet. Experten måste godkännas av auktionären. Auktionären kan vid reklamation kräva intyg från en opartisk, välkänd expert. Objekt med äkthetsintyg kan, om auktionären så anser befogat, och om det ursprungliga intyget är utfärdat av en godkänd expert, endast returneras om minst två opartiska och välkända experter har en avvikande mening. Defekter synliga på foto (klippning, tandning, centrering, stämpling etc.) kan inte ligga till grund för reklamation. Reklamation kan ej heller ske om objekt eller märke förändrats genom någon slags behandling. Objekt innehållande fler än 3 märken kan inte returneras på grund av smärre defekter på enstaka märke. Stora objekt kan innehålla både stämplade och ostämplade märken. Samlingar, partier, massvara, kilovara etc., säljes i befintligt skick och kan inte returneras. En differens på 10–20% måste kunna accepteras av köparen.
8. Avgivande av muntligt bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.
9. Svensk lag gäller.
