

SEMINAR NEWSLETTER #4

Dear Delegates

Spring Time in Europe
means **Summit Time**

It's less than three weeks to go until we meet in **Malmö** for the **3rd International Philatelic Summit**. It's time to switch mindset and start focus on advanced philatelic issues. The **Seminar Booklet** is prepared and left to the printer. It will be a comprehensive volume with 326 pages containing all the presentations (CD) and handouts (326 pages). You will receive the Seminar Booklet upon arrival to Malmö.

Still not many questions are raised to me, so I take that as a sign that everything is clear until show up in Malmö. If you have any questions, please don't hesitate to contact me. The pre-seminar information (16 pages) was sent out in early February. By now (or the next days or so) **Postiljonens Treasure Hunt Auction Catalogue** will show up in your postal mail box. That catalogue also include the seminar information. The auction viewing takes place on the Friday during the Summit and the auction will be on Saturday 3.30pm.

So – how to switch into "Summit mindset"?

- Yes by reading the attached discussion Paper "**BRASILIANA 2013 – Issues From the Exhibiting Perspective**" by *Jamie Gough*. The paper is a reprint from "The Philatelic Exhibitor" and with permission from its editor Randy Neil. The Paper is a comprehensive analysis by Jamie about the latest FIP exhibition in Rio de Janeiro last year. The Paper gives very good perspectives on advanced philatelic exhibiting and judging, additionally it reflects on the upcoming seminar topic – **philatelic material**. This Paper is the first named as "Issues Paper". I will come back to a broader presentation of such publications related to the International Philatelic Summit.

See you soon!

Sincerely,

Jonas Hällström FRPSL
