After view

After nearly six months of preparations and expectations the climax has been reached through two days of intense auctioning. The reason why we are so passionate for our auctions is that nobody knows what is going to happen; will that spectacular item reach the price level we are hoping for? Have we misjudged any area at the auction? Which customers, old and especially new ones, will attend the auction this time?

It is almost as difficult as predicting the weather! Luckily we did better than the weather forecast for this weekend, at anticipating the auction outcome; some remarkable and expected prices were reached.

After the first parts of C. A. Møller's collection Schleswig-Holstein and "The Scania Collection" of classic Sweden, we are sure that the consigners as well as potential buyers are looking forward to the coming parts. The section of Skilling Banco issues once again confirmed the strength and depth of the Swedish exhibition level, it is definitely of the highest world class.

With these experiences behind us it is now with great confidence we look forward to the last weekend in April. We are sure that none of you could have overlooked the "Malmö 2nd International Philatelic Summit", 27-29 April, and our Jubilee Auction # 200 on the 28th of April. The auction catalogue # 200 has just reached us and will be delivered to you together with this list of prices realized.

Spring- and summertime are getting closer. Relax and enjoy yourself but don't forget to maintain your stamp collection.

See you in a month!
