Preface

It is with the greatest pleasure we present this auction of classic Finland in all its splendour. A collection and exhibit of the highest level, built up and shown by the Grand Old Lady of Finnish philately, the late Mrs Terttu Österman.

The collection has been untouched for more than twenty years and as you will discover it contains numerous rarities at various price levels and overall in exquisite quality. Since Mrs Österman was a valued client and a much appreciated guest at our auctions in the 1990s, we are especially proud and happy to be the chosen auctioneer of her collection.

It is also very special for us to offer such a great Finland auction immediately following the series of seven incredible Gummesson auctions.

Unfortunately the circumstances are very strange and difficult nowadays, but we hope travelling possibilities will open up in March and if so, we welcome you to again visit us in Malmö to take part in this philatelic feast in person. If not, we know that many of you have got used to visiting us virtually and bidding live on the internet. However, we cannot wait to get back our old active “real-life auction room”!

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

Extra scans on the web!

For every auction we publish thousands of extra scans on our website www.postiljonen.com including more or less all certificates of single items and a very large number of collections and lots are scanned in their entirety, further many others with selected pages/scans.

In most cases these lots are marked with a picture of a camera 📷 in front of the lot #. However, sometimes there may also be scans of lots that do not bear the sign. Please check our website for updates.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.

Due to time restrictions and limited availability of the lots due to ongoing viewings, we must restrict this service of making further scans on individual requests. In the cases time allows us to supply more scans we will charge for the costs of **€ 10 for each request (maximum 10 scans or photos)**

If more than 10 scans are requested, € 1 per scan will be added. **Must be paid beforehand by credit card, please go to "Payments" on our website.**

"Postiljonen Horses"

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

Live Bidding

Take part in the Postiljonen Auction from your home!

Postiljonen now offers the choice of Live Bidding for all clients. This means you can bid on items in real-time during the auction, from your home at your computer, just as if you were in the auction room.

In order to participate as a Live Bidder in the auction you must have an account for the Postiljonen web catalogue. If you have previously submitted written bids through the web catalogue you already have an account, otherwise you can create an account at www.postiljonen.com

In order to be approved to bid live during the auction, you must also register as a Live Bidder and be assigned a bidder number. This must be done before every auction.

Once you have registered you will receive an email confirming that your request have been sent, but it is only when you receive a second email from us, where we have assigned you a bidder number, that you are ready to start bidding live.

If you have any questions or concerns, do not hesitate to contact us! More information is also available at www.postiljonen.com

As usual, it will of course be possible to submit written bids, bid by telephone or use an agent.

Terttu Österman

Large Gold Medal Collection

Finland 1856 – 1885

As an immediate continuation of the long series of Gummesson auctions, we are happy to have been entrusted this exquisite collection of classic Finland built up during decades by the late Mrs Österman in the later part of the 20th century.

Terttu Österman started to collect stamps already as a little girl, but her exhibition career did not start until she had retired. The premiere was in 1993, when she showed her classic Finland collection for the first time at TAVASTEX 93. She was also interested in Esperanto which led her to build a well awarded exhibition collection with this theme as well.

She rapidly developed her collections and in 1995 she became the first woman to be awarded a gold medal for a classic Finland collection. It did not stop there, a few years later she reached the highest level in exhibition-philately, when she was awarded an International Large Gold Medal at ISRAEL 98.

Conditions of Sale

- 1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.
- 2, All bids must be submitted in Euro to which is added 25% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 20% commission, excl. Swedish V.A.T., only for
 - a. Export to countries outside of EU.
 - b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows:

| | | |
|------------------|----------------------|--------------------------|
| 0 – 200€ 10€ | 1.000 – 3.000€ 100€ | 10.000 – 30.000€ 1.000€ |
| 200 – 500€ 20€ | 3.000 – 5.000€ 200€ | 30.000 – 100.000€ 2.000€ |
| 500 – 1.000€ 50€ | 5.000 – 10.000€ 500€ | 100.000€ – 5.000€ |

Bids not corresponding with these steps might be reduced.

- 3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone, fax or through internet live-bidding. The bidder is personally responsible for any and all his purchases in the auction.
- 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
- 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of 10€. To this may be added additional documented expenses. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.
- 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
- 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
- 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
- 9, Swedish law is applicable.

Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.
