International Auction # 234

Malmö

17–19 March 2022

Mixed Holstein & Denmark franking

Did you know?

After Denmark lost the war in 1864, there was for some time only one way to pay in advance for a letter from Schleswig-Holstein to Denmark. That was by putting on one stamp for the domestic rate and adding a Danish stamp paying for the rest of the journey.

This exceptional ship letter from Kiel is one of very few surviving examples of how it could be done. The new postal convention came into force 1.8 1865.

Front cover:
Francis Swaine, 1730–1782, British

Preface

When writing these words it is exactly one month since New Year's Eve and we hope that you all have had fantastic holiday weekends together with your loved ones. This new year that should bring us so much joy and positive events hasn't lived up to expectations so far. We believed that we would never again have to use the word "pandemic" in this column, but this will hopefully be the last time!

At the time of finalizing this auction catalogue the Covid-19 situation is "unstable" and the spread of infection is still very high. As our highest priority is to ensure the safety of our employees and clients we will unfortunately most probably cancel our participation at LONDON 2022. We will keep you updated by our electronic newsmails.

The current auction consists of three separate catalogues, besides the General Auction #234 we are also proud to present "Denmark Gold 1851-1863" #235 and People's Republic of China, part 2 #236. The latter two catalogues have been made possible due to a long-time business relationship with our highly esteemed client Dr. Kan Hou Sek Jim. In addition we are also very proud to have been entrusted numerous exhibition collections from his "Kaypmy Holdings". We recommend a thorough "search" in this catalogue.

As the variety at this auction is very large it is difficult to pin-point a special area. However, just to mention something that stands out we also have the collections from our faithful client Mr David Crosthwaite. His main interest was Iceland and Norway, but French colonies and other areas as well. They are all in this auction and marked "Ex. Crosthwaite". Regrettably we were

reached by very sad news shortly before printing this catalogue, David suddenly passed away on New Year's Eve. Our deepest condolences to his wife Jill and their family.

Our Swedish section is very strong with a lot of exceptional items that most collectors of Sweden would wish to include in their collections! The Mother Die of 4 Sk. Bco, the bright blue 4 Sk. Bco and the fantastic pair of 4 Sk. Bco in double print just to mention a few. Another spectacular item which is worth a closer look is the rare star cancellation of 1 Sk. Bco. Last, but not least, we are also very proud to have been entrusted the Jan Landsiedel Collection of classic Sweden & 1920's coil stamps. A young but also very skilful philatelist.

We welcome you to our viewing and auction in person, but if you are not ready to travel yet, please join us by the Live Bidding!

POSTILJONEN

Lars-Olow Carlsson
Managing Director

Claes Arnrup
Chairman of the board

"Postiljonen Horses"

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

Viewing and Auction During the Pandemic

When finalizing this auction catalogue, the Covid-19 situation in our region was “unstable” but removal of existing restrictions were planned. Changes can occur very quickly and we will inform our clients by email and at our website about any important news.

Our highest priority is to ensure the safety of our customers and employees and therefore we are following the Swedish Public Health Department’s mandates regarding precautionary measures to stop spreading the virus. This includes **special routines for hygiene, traveling and social contacts**.

- **Flexible viewing dates, at any time until the auction.** If you would like to visit us and view the auction lots before the official viewing dates, please contact us and we will do our best to accommodate this.
- **Viewing and auction.** You are most welcome to visit us, but please notify us in advance. Then we can estimate the number of visitors during the week.

Visning och auktion under pandemin

Vid tidpunkten för färdigställandet av denna auktionskatalog så var covid-19-situationen i vår region “instabil”, men borttagande av rådande restriktioner planerades. Förändringar kan ske väldigt snabbt och vi kommer att meddela våra kunder per email och på vår hemsida om eventuella nyheter.

Vår högsta prioritering är att säkra våra kunders och medarbetares hälsa, därför följer vi den svenska Folkhälsomyndighetens uppmaningar angående åtgärder för att minska spridningen av viruset. Detta inkluderar **speciella rutiner kring hygien, resor och sociala kontakter**.

- **Vi kommer att vara flexibla med extravisning.** Om du vill komma på visning före de officiella visningsdagarna så vänligen kontakta oss, vi kommer att göra vårt bästa för att tillgodose detta.
- **Visning och auktion.** Du är välkommen att besöka oss, men vänligen meddela oss i förväg. Då kan vi bättre uppskatta antalet besökare under veckan.

Extra scans on the web!

For every auction we publish thousands of extra scans on our website www.postiljonen.com including more or less all certificates of single items and a very large number of collections and lots are scanned in their entirety, further many others with selected pages/scans.

In most cases these lots are marked with a picture of a camera 📷 in front of the lot #. However, sometimes there may also be scans of lots that do not bear the sign. Please check our website for updates.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.

Due to time restrictions and limited availability of the lots due to ongoing viewings, we must restrict this service of making further scans on individual requests. In the cases time allows us to supply more scans we will charge for the costs of **€ 10 for each request (maximum 10 scans or photos)**

If more than 10 scans are requested, € 1 per scan will be added. **Must be paid beforehand by credit card, please go to “Payments” on our website.**

Please have a look at:

www.postiljonen.com

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

Beautiful folded letter sheet 1796 from Copenhagen addressed to "Handelsforvalter Hammershaimb" (Samuel Hammershaimb was Trade Manager in Thorshavn 1774-1796) with "KONG GRØNL HAND OG FISKEF SEGL" Royal Trade Seal on the reverse. Picture of the contents is enclosed (the original is in the Danish National Archive). The letter is dated in Copenhagen 8 April 1796. This is the earliest letter to the Faroe Islands that has ever been on the market, and there are no records in the Danish National Archive that any earlier letters exist! Also picture of the oldest listing in the Archive recording mail arriving in Thorshavn - the first entry is three letters all sent from Copenhagen on 8/4/1796 of which this is number 3. Carried on the ship "Charlotte Kirstine" by Captain Koefoed, which arrived in Thorshavn on 11/5/1796. Unrecorded in DAKA. GREAT EXHIBITION RARITY.

Exceptional cover from Scotland 1812 addressed to "Herr H H Mörck, Thorshavn". Mads Hvads Mörck was Trade Manager in Thorshavn 1805-1831. Picture of the contents is enclosed (the original is in the Danish National Archive). The letter is dated in Leith the 15 May 1812 and was carried by Captain Boy Hendrichs in the ship "Najaden". It was received in Thorshavn on 30 May 1812. The sender was "Corbett, Borthwick & Company", merchants based in Dock Street, North Leith. From 1810 they were one of the main suppliers of goods to Greenland, but also to a certain degree to the Faroe Islands. According to DAKA the earliest recorded letter from Great Britain is from 1868, and from any other country than Denmark is from 1851 (from Norway). This is an exceptionally early letter from the UK to the Faroe Islands. GREAT EXHIBITION RARITY.

David Crosthwaite's Collections

A much appreciated and very long-time client of ours, decided to dispose of his entire collections and entrusted all of them to us. His main ambitions were in Iceland and Norway, of which areas he built amazing specialized collections mounted on his own album pages. However, he had a broad collecting spectrum and you will find his collections and items in this auction, especially some fascinating French colonies, but also Belgian Congo, Poland and other areas. They are all in this auction and marked "Ex. Crosthwaite".

Regrettably we were reached by very sad news shortly before printing this catalogue, David's wife Jill wrote:

"Unfortunately I have some very sad news. David, my husband, died suddenly on New Year's Eve. It was a great shock but, mercifully, very quick."

He loved collecting stamps, starting again, after it being a boyhood hobby, in the 1960's. I used to go to his flat to study, so he revived his hobby (it not being noisy!) His main interest at the time was Iceland and progressed, as you have seen, over many years. He was always happy if he had a catalogue to hand. We always loved the covers of yours.

I hope this does not make any difference to the forthcoming auctions. If there is anything else you wish to know please let me know. David was delighted that you were handling his collection."

We are expressing our deepest condolences to Jill and their whole family and we are very sorry that David could not follow the sale of his life work in stamps. He would surely have loved it.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.

AFGHANISTAN

1870-1 ۱۲۸۸ (1288)

Stamp Design Inscription - read clockwise commencing from a point at 8 o'clock on the design.
The outer circle Persian inscription reads from right to left:

Mahsul 1288 KABUL ul-SULTANAT Dar Khāna Chapaī

چاپارخانه دارالسلطنة کابل ۱۲۸۸ محصول

Kingdom of Capital Post Office

Plate A - Shahi - 15 types (3 x 5) - Outer & inner circle designs dotted.
Those currently displayed shown by 'x'

Amir Sher Ali Khan introduced the first adhesive postage stamp.

Handmade cover - KABUL to PESHAWAR

Covers show Plate "A" - 1 Shahi "14, out round, with ochre smudge and tear-off cancels.

Ochre smudge cancelling is usually applied by the postal clerk who dips his thumb in a plate of ochre and smears it over the face of the stamp. This happens either before or after the stamp is attached to the letter and in this case it appears to have been before.

Plate A issue "4" with tear-out and pen cancel! To properly cancel the stamp (the word Mahsul (Fee or Tax) located at 8 o'clock) must be removed

AFGHANISTAN

1870 - 71 ۱۲۸۸ 1288

Plate 'A' Shahi - A Plate of 15 types (3 x 5)

1 Shahi "3, with Ochre smudge and tear-off cancels.

1 Shahi "11, with ink and tear-off cancels.

TASHKURGHAN to KABUL cover with vertical pair Plate "A" 1 Shahi ("2 & "3) with pen & tear-off cancellations - 2 Shahi = 1 Sana

1870-1875 Postal changes:

- 1 Shahi - for Provincial mail sent to KABUL
- 1 Shahi - for mail forwarded beyond KABUL for '1/2" in ounce weight and multiples of this weight.

Basic letter rate 1870 - 1880

1 Aseer for 1 Muzai (4 1/2 grammes) weight.

Currency: pre 1304 AH (Islamic Lunar year) 1925-6 - based on KABUL silver Rupee

- 10 dirans = 1 Finka
- 5 Finka = 2 Shahi (copper)
- 2 Shahi = 1 Sana (silver)
- 1 Sana = 1 Aseer (or 'Tangi)
- 1.5 Aseer = 1 Kaban
- 2 Kaban = 1 Rupee

- Weights:** (pre 1925 Kabul & Jalalabad) = weight of an average gram.
- 24 makhad = 1 mizgar (about 4.6 grams)
 - 6 mizgar = 1 makhad bar = approx. 1 oz.
 - 4 Pakar = 1 Shurd = approx. 1/2 pound weight
 - 4 Shurd = 1 gao = approx. 1 pound weight

Cancellation: "Mutillation" of stamps by cutting or tearing off a portion was a Post Office security measure to ensure that they could not be re-used.

NOTES:
Cutting stamps "round" and having letters written on firmity thin paper was to minimise weight and avoid a cost penalty.
Postal Runners (Dak Wala) carried mails over a section of the KABUL - TASHKURGHAN route comprising 25 stages of varying distances of 4 to 20 miles in length. Some stages were over 20,000 foot high mountain passes often closed by snow in winter stopping the Dak Wala and the mail getting through on his once a week delivery run for his section.
By comparison the KABUL to PESHAWAR route had 20 stages, each stage an average length of 10 miles for each runner when he handed over the mail to the next runner.

EMIR SHER ALI KHAN

1871 - 72 ۱۲۸۹ (1289) Rare high value issues - The first coloured issues of Sher Ali's reign.

The Peshawar Afghan Agent was a family member of the Emir of Afghanistan, and acted as an Ambassador, handling all mail for Kabul. For some special mail items he applied a special postmark to the 6 Shahi and 1 Rupee issues he used. These may also receive some standard Sher Ali postal issue cancels - tear off, ink strokes or ochre smudges, combined or singly.

Design: Similar to the 1288 issues with identical corner ornaments. The One Rupee and 6 Shahi values are written in Dari in the centre circle. The word "Serna" (year) was added to the inscription and is placed in the area between outer and inner circles under the 1289 date.

AFGHANISTAN

November 1878 - April 81 - SECOND ANGLo - AFGHAN WAR

Military Posts

1878 - AMIR SHER ALI of KABUL, would not agree to the stationing of a British Mission in Kabul, and was under extreme diplomatic pressure from the new inexperienced British Indian Viceroy, Lord Lytton, the most powerful ruler in India. He was determined to "persuade" the Afghans to accept the stationing of a British Mission in Kabul, as the Russian Mission had received approval. Lytton, on 21st November 1878, directed the British Indian military to declare war on the Amir of Kabul. The second Anglo-Afghan war commenced against reluctant Afghans who did not want a war. The Afghans lost the war and Amir Sher Ali fled north. The British military occupied JALALABAD, KABUL, and KANDAHAR, establishing military posts between these locations. A British Mission was established in Kabul but its members were soon slaughtered, and the war recommenced. A second British military occupation ensued, with very harsh reprisals and mass executions. The Imperial Government in London, was outraged at the Viceroy's interference with Afghanistan's sovereignty. Abdur Rahman, half brother of Amir Sher Ali, was subsequently offered by the British the vacant throne of Kabul, which he accepted. The British Government changed - Lord Lytton was sacked - the Marquis of Ripon replaced him and the new Viceroy of India immediately negotiated with Amir Abdur Rahman, who turned out to be an astute negotiator. They finally agreed to terms and then the British suffered their greatest disaster as its British army of about 2,800 was wiped out at Massaud in the south of Afghanistan, by one of Sher Ali's sons with a force of 25,000 from Herat. He wanted his father's vacant Throne of Kabul. The British defeat threatened the agreement with Abdur Rahman. A second army defeated the Afghan army and Abdur Rahman's position was safe. The incompetent Lytton, expressed amazement at the storm of protest about what he considered: were his 'loyal' actions. The British military left Afghanistan on 27 April 1881 and Amir Abdur Rahman, set about restoring his war ravaged country, and reorganising his postal service and stamp production. After twenty-eight months of Lytton's wars.

KABUL JUL 23

OUTW. BOMBAY 31 JUL.

August 1880 - Second Anglo-Afghan Military Cover with 4½ ANNAS East India postage from CABUL (Kabul) Via BRINDISI, BOMBAY to LONDON. The British Indian postage is manuscript marked "Stamps" and later Kuller Strikings were added.
The letter was sent just after the Viceroy Marquis of Ripon's representatives met with Emir Abdur Rahman outside Kabul to negotiate a settlement. General Roberts was on a forced march to Kandahar to recover control of the south from Ayub Khan whose Afghan army had just annihilated the entire British force of 2,800 at Massaud. This result now threatened the outcome of the talks with Emir Abdur Rahman.

The Jan Landsiedel Collection

Classic Sweden & 1920's Coil Stamps

It is a great pleasure for us to present a highly specialized selection in extraordinary quality of the early Swedish issues. The collection has been built up during a relatively short period by an esteemed client of ours. Remarkable also due to his young age.

More or less every item has been handpicked and acquired one by one. Obviously, with very good knowledge combined with a special eye for quality.

Not only the early issues of Sweden tempted Mr. Landsiedel, but also the intriguing coil stamps from the 1920's, which have been the favourites of many advanced Swedish philatelists.

Please, see for yourself in both sections. All his items are marked in the descriptions with their provenance.

Below you can read his own story and collecting experiences. From our point of view, we are proud and happy to be chosen to assist in the sale of these two very special collections of such variety and quality. On the other hand, we are a bit sad that Mr. Landsiedel did not continue with his ambitions to exhibit. While wishing him all success in his future career, we can just hope that at a later stage in his life he comes back to the hobby and uses his knowledge to build up another nice collection.

Around ten years ago, I started collecting Swedish stamps. It might seem unusual to find younger collectors these days, but for me collecting Sweden had been a very personal thing. Of German origin, I grew up in Småland and that connection has remained very important for me since.

Collecting has always had an unwinding effect on me, with focus solely on the stamps letting everyday life seem far away. The different shades of the Skilling Banco and Coat of Arms issues intrigued me especially, so did the various Varieties and Watermarks of the Coil Stamps from the 1920's.

Due to the fact that as a naval officer I spend most time of the year abroad, I had to abandon my original plan of exhibiting in the near future. I would love to collect again if I find more time for this great hobby, but for the moment I guess that others might get more pleasure out of the items I have gathered together over the last decade.

Conditions of Sale

- 1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.
- 2, All bids must be submitted in Euro to which is added 25% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 20% commission, excl. Swedish V.A.T., only for
 - a. Export to countries outside of EU.
 - b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows:

0 – 200€ 10€	1.000 – 3.000€ 100€	10.000 – 30.000€ 1.000€
200 – 500€ 20€	3.000 – 5.000€ 200€	30.000 – 100.000€ 2.000€
500 – 1.000€ 50€	5.000 – 10.000€ 500€	100.000€ – 5.000€

Bids not corresponding with these steps might be reduced.

- 3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone, fax or through internet live-bidding. The bidder is personally responsible for any and all his purchases in the auction.
- 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
- 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of 10€. To this may be added additional documented expenses. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.
- 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
- 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
- 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
- 9, Swedish law is applicable.
