The Prince Consort Essay

Did you know?

In 1850 the Irishman Henry Archer wanted to take over the contract from Perkins Bacon to print the British postage stamps. He had an idea to produce surface printed stamps which would be perforated with his own perforation tools.

He needed some stamps to refine his perforation tools, so he engaged Robert Edward Branston to produce them from an engraving by Samuel William Reynolds. The idea was to depict Queen Victoria, but since that might look like they were forging stamps they used Prince Albert's image instead.

All the essays have the check letters "F" and "J", possibly taken from the initials of Ferdinand Joubert who is believed to have played a role in the creation of them and went on to pioneer and design Britain's first surface printed stamps.

The essays were printed in brown, red brown, black and blue colours. They are known in both perforated and imperforate copies, however multiples are rare, and we are very happy to have been entrusted the sale of this pair.

Preface

Happy New Year! OK, we know that is somewhat late, but we say it with emphasis on “Happy” as we think that most of us need that as a little encouragement after some sad years. Also due to the current global situation when some countries are going into a recession. However, there are bright spots, both inflation and interest rates are expected to peak during this year, and last but not least that the stamp market is still stable.

Traditionally we are “first out of the gate” among the Scandinavian stamp auction houses, and this season is no exception. Lately it has also been a tradition for us to start the auction with the non-Scandinavian countries in alphabetical order. At the very beginning you will therefore find a remarkable Belgian Congo accumulation, closely followed by an interesting section of China with exceptional Shanghai Local stamps in very high quality. We should also mention the Western Ukraine section 1918-19 of very rare surcharge varieties.

The second auction day is first dedicated to Denmark and the Danish areas, but of course also to the other Nordic countries. In the Danish section you will find a lot of interesting items, especially from the 2 and 4 RBS issues, many with provenances from famous exhibitors and their highly awarded collections, formed by Christian Andersen, Peer Lorentzen and several others. From the Danish West Indies we offer a nice mixed franking cover to New York with 3 cents & US 10 cents and from Finland an exceptional envelope used for product samples.

Our clients who collect Sweden will as usual not be disappointed. There is a wide spread from rare revenue documents from the late 17th century up to face value

from the 21st century. In between, there is a First Day Cancellation “UPSALA 1.7 1855” on a 24 Skilling Banco, followed by all issues up to the 1920s which are extremely well represented. Once again we are also delighted to offer many items in the highest quality rating 5,5,5.

As you have probably already noticed, we have scheduled the three auction days on weekdays this time. This is a consequence of our clients' changed behaviour following the pandemic and the strong increase in live-bidding participation. We hope this will be to your full satisfaction.

We have as usual signed up for several international exhibitions during the year, as sponsors as well as stand holders; you will find more information about this in the following pages.

Please enjoy the studying of this auction catalogue!

Live Bidding

Take part in the Postiljonen Auction from your home!

Postiljonen now offers the choice of Live Bidding for all clients. This means you can bid on items in real-time during the auction, from your home at your computer, just as if you were in the auction room.

In order to participate as a Live Bidder in the auction you must have an account for the Postiljonen web catalogue. If you have previously submitted written bids through the web catalogue you already have an account, otherwise you can create an account at www.postiljonen.com

In order to be approved to bid live during the auction, you must also register as a Live Bidder and be assigned a bidder number. **This must be done before every auction.**

Once you have registered you will receive an email confirming that your request have been sent, but it is only when you receive a second email from us, where we have assigned you a bidder number, that you are ready to start bidding live.

If you have any questions or concerns, do not hesitate to contact us! More information is also available at www.postiljonen.com

As usual, it will of course be possible to submit written bids, bid by telephone or use an agent.

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

Extra scans on the web!

For every auction we publish thousands of extra scans on our website www.postiljonen.com including more or less all certificates of single items and a very large number of collections and lots are scanned in their entirety, further many others with selected pages/scans.

In most cases these lots are marked with a picture of a camera 📷 in front of the lot #. However, sometimes there may also be scans of lots that do not bear the sign. Please check our website for updates.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.

Due to time restrictions and limited availability of the lots due to ongoing viewings, we must restrict this service of making further scans on individual requests. In the cases time allows us to supply more scans we will charge for the costs of **€ 10 for each request (maximum 10 scans or photos)**

If more than 10 scans are requested, € 1 per scan will be added. **Must be paid beforehand by credit card, please go to "Payments" on our website.**

"Postiljonen Horses"

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

Extra scans on the web!

For every auction we publish thousands of extra scans on our website www.postiljonen.com including more or less all certificates of single items and a very large number of collections and lots are scanned in their entirety, further many others with selected pages/scans.

In most cases these lots are marked with a picture of a camera 📷 in front of the lot #. However, sometimes there may also be scans of lots that do not bear the sign. Please check our website for updates.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.

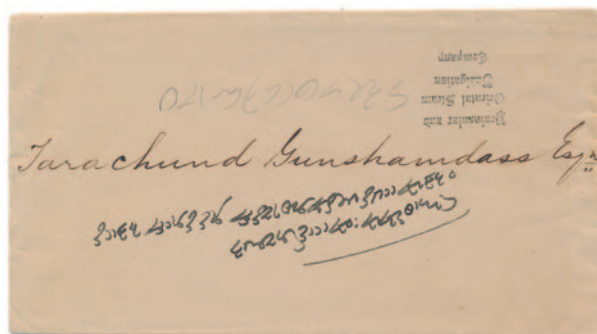

Due to time restrictions and limited availability of the lots due to ongoing viewings, we must restrict this service of making further scans on individual requests. In the cases time allows us to supply more scans we will charge for the costs of **€ 10 for each request (maximum 10 scans or photos)**

If more than 10 scans are requested, € 1 per scan will be added. **Must be paid beforehand by credit card, please go to "Payments" on our website.**

Financing the auction purchase

By leaving purchased lots as security, we are able to finance a large part of the total purchase – for shorter or longer periods. Credit or part payment arrangements must be agreed on *in good time* before the auction.

Western Ukraine

A very extensive collection of these intriguing surcharges from 1918 – 1919 are offered here as single items or in small selections of varieties. Please note that many were issued in only a few hundred copies, sometimes even much fewer, and as a consequence some of the varieties only exist in a handful of copies at most!

The Michel catalogue has information about the printing quantities of more or less all of them. Based on Michel, for the overprint in Russian letters we have used the German word "Schahiw" for the currency and in the catalogue numbers added a "v" for varieties, when Michel does not have a specific letter. We hope you will enjoy studying these interesting issues.

HAFNIA 24 - FEPA exhibition in Copenhagen 17-20 October 2024

Copenhagen Philatelic Club (Kjøbenhavns Philatelist Klub - KPK) is holding an European FEPA exhibition in Copenhagen in celebration of 400 years of Danish Post.

The Danish Post was founded on the 24 December 1624 by the Danish King Christian IV.

The exhibition will take place in the very center of Copenhagen in the old Ox hall "Øksnehallen" build in 1901, which today is one of the most iconic exhibition halls in Copenhagen.

Are you interested in exhibiting, reserve a dealer stand at the exhibition or just to visit the event, you can find more information at the exhibition Web-page

WWW.HAFNIA24.COM

You can sign up for newsletters and receive mails about the exhibition at the Web-page.

It is more than 22 years since the last HAFNIA exhibition in Copenhagen and we are very much looking forward to see all European Philatelists at this event.

Conditions of Sale

- 1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.
- 2, All bids must be submitted in Euro to which is added 25% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 20% commission, excl. Swedish V.A.T., only for
 - a. Export to countries outside of EU.
 - b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows:

0 – 200€ 10€	1.000 – 3.000€ 100€	10.000 – 30.000€ 1.000€
200 – 500€ 20€	3.000 – 5.000€ 200€	30.000 – 100.000€ 2.000€
500 – 1.000€ 50€	5.000 – 10.000€ 500€	100.000€ – 5.000€

Bids not corresponding with these steps might be reduced.

- 3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone, fax or through internet live-bidding. The bidder is personally responsible for any and all his purchases in the auction.
- 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
- 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of 10€. To this may be added additional documented expences. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.
- 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
- 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
- 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
- 9, Swedish law is applicable.

Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.

Försäljningsvillkor

1. Auktionen är frivillig och sker för inlämnarens räkning. Objekt tillfaller den köpare som avgivit högsta bud. Angivna utropspriser är ej minimipriser men är satta så att de skall avspegla ett mycket lågt beräknat handelspris.

2. Alla bud skall ges i Euro. Köparen skall till auktionären betala en provision på 25% på auktionspriset inkl. moms. Om objektet inte hämtas, sker leverans på köparens risk. Porto, transportförsäkring och bankavgifter/kreditkortsavgift tillkommer.

Köparprovision 20% exkl. moms gäller endast i följande fall:

a. Vid export till länder utanför EU.

b. Vid försäljning till moms-registrerade handlare inom EU, *men utanför Sverige*, som uppger moms-registreringsnummer i god tid före auktionen.

För objekt markerade med • före objektnumret tillkommer 12% importmoms på klubbslagspriset, dock med undantag för a och b ovan. Instruktioner om faktureringen skall ske före eller under auktionen. Fakturor kan inte ändras efteråt.

Vid auktionen tillämpas följande fasta höjningar av buden:

0 – 200€	10€	1.000 – 3.000€	100€	10.000 – 30.000€	1.000€
200 – 500€	20€	3.000 – 5.000€	200€	30.000 – 100.000€	2.000€
500 – 1.000€	50€	5.000 – 10.000€	500€	100.000€ –	5.000€

3. Avgivet bud är bindande och budgivaren är personligt ansvarig för samtliga av honom gjorda inrop. Annullering av bud kan ej ske, såvida den inte är oss tillhanda senast samtidigt med buden. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles, som vore det eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefon- och faxbud, eller genom internet livebudgivning, svarar budgivaren för ev. fel och missuppfattningar.

4. Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från auktionärens sida. Auktionären äger rätt att ej godtaga bud, samt att dra tillbaka, omgruppera eller dela objekt. Auktionären har också rätt att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Han förbehåller sig rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning. Vid två eller flera lika bud på samma objekt från uppdragsgivare, tillfaller objektet den som först inkommit med bud. Vid auktionsuppdrag kan reservobjekt medtagas, eller också kan den totala köpesumman begränsas till visst belopp.

5. Betalning sker kontant, mot postförskott eller mot förskottsfaktura. Objektet förblir säljarens egendom tills full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2% per påbörjad månad, räknat på fakturabeloppet, samt kravavgift med 10€. Dessutom kan ytterligare kravkostnader tillkomma. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar betala, kan objektet utan ytterligare meddelande säljas på köparens bekostnad.

6. Objektet är omsorgsfullt beskrivna, dock kan smärre fel förekomma. Ev. reklamation måste göras senast 10 dagar efter det att objektet levererats. Vid all korrespondens bör fakturanummer anges. Vid godkänd reklamation återfår köparen auktionspris plus provision och eventuell moms. Rantegottgörelse kan ej påräknas.

7. Begäran om förlängd reklamationstid för att köparen önskar sända objekt för expertundersökning, måste ske omgående och inom 8 dagar efter mottagandet av objektet. Experten måste godkännas av auktionären. Auktionären kan vid reklamation kräva intyg från en opartisk, välkänd expert. Objekt med äkthetsintyg kan, om auktionären så anser befogat, och om det ursprungliga intyget är utfärdat av en godkänd expert, endast returneras om minst två opartiska och välkända experter har en avvikande mening. Defekter synliga på foto (klippning, tandning, centring, stämpling etc.) kan inte ligga till grund för reklamation. Reklamation kan ej heller ske om objekt eller märke förändrats genom någon slags behandling. Objekt innehållande fler än 3 märken kan inte returneras på grund av smärre defekter på enstaka märke. Stora objekt kan innehålla både stämplade och ostämplade märken. Samlingar, partier, massvara, kilovara etc., säljes i befintligt skick och kan inte returneras. En differens på 10–20% måste kunna accepteras av köparen.

8. Avgivande av muntligt bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

9. Svensk lag gäller.

Katalognummer och -värden är hämtade ur FACIT för Norden samt MICHEL för alla andra länder och områden, om inget annat anges.
