International Auction # 239

Malmö

26 –29 September 2023

Unused with inverted frame

Did you know?

In early 20th century Denmark there was a lack of 4 øre stamps. Therefore 32.122 sheets of 8 øre Bicoloured Numeral type from the 121st printing were given a surcharge with a new denomination in 1904. In 1912 an additional issue of 813 overprinted sheets was made. The major part of these were from the 120th printing, but one came from the 119th printing with inverted frames in 89 positions. So in total

89 stamps with inverted frame were produced, and these are extremely rare in any condition and so far only one unused copy has been found. This stamp is a true gem of Danish philately.

Even more exciting, coming from position 88, the one occurring with the variety “hook on 4”, this stamp is unique also for that reason!

Preface

Late spring this year was very busy for us, not least due to the two international exhibitions IBRA 2023 & NORDIA 2023. The first one in Essen, in late May, was a flashback to the 1980s with people queuing to enter every morning and crowds at the dealers' stands as well as among the exhibition frames. It was just fantastic and everybody was happy! The exhibition in Iceland was of course much smaller, but offered a friendly and familiar environment.

The demand for high-quality philatelic items is still strong, and at this auction we can offer an unusually wide range of such, which has resulted in a four-day auction for the first time. We are very happy to have been entrusted several smaller, but extremely interesting "Name-sales" from long-time clients and friends. The selection, variety and quality are top class!

On afternoon Tuesday 26th, we will start with the non-Scandinavian countries from A-Z, ending with All World collections & lots. Worth mentioning is Schleswig-Holstein with a unique proof for No. 1 as well as an outstanding copy of 1 schilling and an all world "Universal Briefmarken Album" in excellent quality. Next day, after offering the most beautiful of the existing 4 RBS First Day Covers, we will continue with "The Virginia Collection", comprising Denmark during 150 years, built over more than half a century. Including the only known unused copy of 4/8 øre with inverted frame.

Another one of the "Name-sales" is The Markku Lehmuskallio Gold Medal Collection "Postal History of Greenland" with rare and often unique items. At the beginning of this section you can study some very rare, and historical, early documents. After that Iceland will follow with two particularly interesting sections: a postal

history collection specialized in postmarks and The Robert A. Helm collection "Iceland Numeral Cancellations". A close friend of ours expressed it like this, "What an offer, probably the most interesting ever, anywhere, anytime..."

Traditionally we will end with Sweden and an extensive section covering all periods. We will not disappoint you this time either, besides many stamps rated 5,5,5 at different price levels, you will find skilling banco covers as well as many other rare and unique items from different issues. But as always, also interesting collections & lots for collectors of different areas.

We are now eager to open the bilateral Swedish-German exhibition **TRELLEBORG 2023**, 15-17 September. Together with our daughter company, Facit Förlags AB, we are the main commercial partner. Why not bring your family to "the city of palm trees" and spend some days there in mid-September. Herzlich willkommen!

Please enjoy!

Live Bidding

Take part in the Postiljonen Auction from your home!

Postiljonen now offers the choice of Live Bidding for all clients. This means you can bid on items in real-time during the auction, from your home at your computer, just as if you were in the auction room.

In order to participate as a Live Bidder in the auction you must have an account for the Postiljonen web catalogue. If you have previously submitted written bids through the web catalogue you already have an account, otherwise you can create an account at www.postiljonen.com

In order to be approved to bid live during the auction, you must also register as a Live Bidder and be assigned a bidder number. **This must be done before every auction.**

Once you have registered you will receive an email confirming that your request have been sent, but it is only when you receive a second email from us, where we have assigned you a bidder number, that you are ready to start bidding live.

If you have any questions or concerns, do not hesitate to contact us! More information is also available at www.postiljonen.com

As usual, it will of course be possible to submit written bids, bid by telephone or use an agent.

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

Extra scans on the web!

For every auction we publish thousands of extra scans on our website www.postiljonen.com including more or less all certificates of single items and a very large number of collections and lots are scanned in their entirety, further many others with selected pages/scans.

In most cases these lots are marked with a picture of a camera 📷 in front of the lot #. However, sometimes there may also be scans of lots that do not bear the sign. Please check our website for updates.

More scans at cost

We often get requests for additional scans and sometimes in higher resolutions, sometimes for research or documentation purposes.

Due to time restrictions and limited availability of the lots due to ongoing viewings, we must restrict this service of making further scans on individual requests. In the cases time allows us to supply more scans we will charge for the costs of **€ 10 for each request (maximum 10 scans or photos)**

If more than 10 scans are requested, € 1 per scan will be added. **Must be paid beforehand by credit card, please go to "Payments" on our website.**

"Postiljonen Horses"

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

In Loving Memory

Kjell Larsson

It was with great sorrow and loss that we got the sad news this past spring that our dear friend and valued former colleague, after a long period of illness, had left mortal life.

He worked nearly 24 years in our team, eventually becoming our Senior Philatelist. In 2011 he decided to leave Postiljonen. He and his wife, Yvonne, left Malmö for their enlarged cottage by a lake where he could go for long walks, go fishing and mushrooming. He loved to be close to nature.

Kjell was an internationally well known and most respected philatelist. His wide knowledge made him one of the most experienced stamp auction consultants in Scandinavia. During his time at Postiljonen he also visited numerous stamp exhibitions and fairs worldwide, often bringing some nice surprises back home!

He was always a good friend and colleague with a lot of funny stories and a cheerful soul.

We miss you, rest in peace dear friend!

Romania

The Ivar Sundsbø Collection

Romania 1864-1872

The well-known international judge and exhibitor Ivar Sundsbø has entrusted us his exceptional collection Romania 1864-1872. We thank Ivar for his confidence. The collection is offered below in nicely and professionally mounted sections of the various issues from this period, as well a few single lots.

We recommend viewing either at our office or if that is not possible, on our website, where everything is pictured. You will see that the collection is highly specialized in prints, settings, types and colour shades. Also including numerous varieties, many covers, specialties etc. The quality is also very high, as can be expected.

Please enjoy the study of this interesting period from a philatelically exciting country, where already next year a large international exhibition will be arranged.

"The Virginia Collection"

Denmark during 150 years, mint stamps 1851-2001

For this auction, we are very happy to have been entrusted a fantastic collection covering not only the classic and early issues in exceptional quality, but also the later years including numerous semi-modern and modern rarities. Highlighted by the "Inverted Frame" on the Provisional 4/8 øre, unique not only for being mint, but also for the variety from position 88 in the only sheet found with inverted frame!

This exceptional collection, full of rare stamps of the highest quality, was built during more than half a century by an American couple from California who went to work in Risø in Denmark 1958. There they spent almost one year as the husband was in charge of the initial start-up and testing of one of the nuclear reactors built on the site.

On a trip to Copenhagen in the same year, they were visiting a stamp dealer, Mr. Einar Krause on Lille Kannikerstræde 4, who started them up collecting Denmark. They continued to visit him regularly to acquire more stamps. They also used the opportunity to visit other European countries including The World's Fair in Brussels that year.

After returning to the United States they continued to add high quality items from the same Danish dealer as well as from various sources in the US, including the legendary New York dealer Ezra Cole, overall during 65 years!

We thank the family for the confidence choosing us as auctioneer.

Postal History of Greenland

The Markku Lehmuskallio Gold Medal Collection

The building of this historical collection goes back more than 40 years and it was exhibited for the first time in 1994 in Turku in Finland, then in Moscow the same year, being awarded its first Gold Medal. These exhibitions were followed by many others during almost 30 years.

At the following exhibitions it was awarded:

Gold Medals

- 1994 Moscow
- 2010 Helsinki
- 2016 NORDIA in Jyväskylä, Finland
- 2017 NORDIA in Vejle, Denmark
- 2020 SFEX Helsinki, **National Large Gold**

Everything from the collection is offered below including some extra items, but with exceptions for parcel post stamps and cards, as Markku is now building an exhibition collection specializing in that area. We wish him the best of luck with that project and at the same time we would like to thank him for his confidence in entrusting us this exceptional collection.

We hope you will enjoy the study of these rare and often unique items.

Markku Lehmuskallio has been a film producer for more than 50 years, specializing in documentary films of native peoples' culture from Alaska, Canada, Greenland, Scandinavia and Siberia. He has also produced drama films, one from Canada and three from Siberia. His interest in Inuit art combined with his professional work became the starting point of this formidable Greenland collection.

GREAT RARITY

€uro 7.500

Postal History Collection 1902–1943

We are happy to break up an exceptional collection, specialized in postmarks lot # 985-1027 (nearly all from this collection), 1039-51, 1123 & 1130-38, as well as showing the usage of the various stamps during this period through a large number of covers.

The collection has been built during decades, containing a great variation including many postal history rarities. These covers are presented as single items or in lots from the various issues. The postmarks are offered in an extensive collection (# 1123), besides a few very rare ones as singles.

A fantastic occasion for the specialists or for those wanting to start an advanced collection of some of these attractive issues, or perhaps from the whole period.

The Robert A. Helm Collection

Iceland Numeral Cancellations

With enthusiasm and delight, we would like to inform you that the exceptional collection of the late Mr. Robert Arthur Helm of New York City has been entrusted to us. After a long and very active life he passed away peacefully in his sleep in September 2019, only a month short of reaching the age of 92.

He was mainly active as exhibitor in the 1960s and the 1970s, when he showed various exhibits all over the United States, starting in New York in 1960 with Iceland. He became active in The Scandinavian Collectors Club in the United States, where he was Life Member # 20. His first exhibition abroad came in Reykjavik in 1966 and he was awarded a Gold Medal for his exhibit of Icelandic Numeral Cancellations. He also took part in HAFNIA 76 in Copenhagen, exhibiting among other things Danish Postal Rates, 1624-1965.

He was the Editor for The Posthorn, the SCC magazine during the years 1971-1976, assisted by his wife Helen helping with layout and other matters as Assistant Editor. He was studying and researching Icelandic philately from many angles, with a special fondness for numeral cancellations, leading to the publication of numerous articles on an array of philatelic subjects.

When studying this section, you will find out that there are numerous rare cancellations and covers, some surely unique, that have been hidden away from other collectors for more or less half a century. We believe the sale will be a fantastic and happy occasion for the many specialists collecting this fascinating area. From the estate of another astute Iceland collector, we have received some other very interesting covers with numeral cancellations. All items and lots from Mr. Helm's collection are marked Ex. Helm in their descriptions.

We thank the Helm family for their confidence and for giving us this opportunity to serve our clients. With special thanks to Robert's son Larry, who has handled the contact with us in a most pleasant way.

Conditions of Sale

- 1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.
- 2, All bids must be submitted in Euro to which is added 25% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 20% commission, excl. Swedish V.A.T., only for
 - a. Export to countries outside of EU.
 - b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows:

0 – 200€ 10€	1.000 – 3.000€ 100€	10.000 – 30.000€ 1.000€
200 – 500€ 20€	3.000 – 5.000€ 200€	30.000 – 100.000€ 2.000€
500 – 1.000€ 50€	5.000 – 10.000€ 500€	100.000€ – 5.000€

Bids not corresponding with these steps might be reduced.

- 3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone, fax or through internet live-bidding. The bidder is personally responsible for any and all his purchases in the auction.
- 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
- 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of 10€. To this may be added additional documented expenses. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.
- 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
- 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
- 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
- 9, Swedish law is applicable.

Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.

Försäljningsvillkor

1. Auktionen är frivillig och sker för inlämnares räkning. Objekt tillfaller den köpare som avgivit högsta bud. Angivna utropspriser är ej minimipriser men är satta så att de skall avspegla ett mycket lågt beräknat handelspris.

2. Alla bud skall ges i Euro. Köparen skall till auktionären betala en provision på 25% på auktionspriset inkl. moms. Om objektet inte hämtas, sker leverans på köparens risk. Porto, transportförsäkring och bankavgifter/kreditkortsavgift tillkommer.

Köparprovision 20% exkl. moms gäller endast i följande fall:

a. Vid export till länder utanför EU.

b. Vid försäljning till moms-registrerade handlare inom EU, *men utanför Sverige*, som uppger moms-registreringsnummer i god tid före auktionen.

För objekt markerade med • före objektnumret tillkommer 12% importmoms på klubbslagspriset, dock med undantag för a och b ovan. Instruktioner om faktureringen skall ske före eller under auktionen. Fakturor kan inte ändras efteråt.

Vid auktionen tillämpas följande fasta höjningar av buden:

0 – 200€	10€	1.000 – 3.000€	100€	10.000 – 30.000€	1.000€
200 – 500€	20€	3.000 – 5.000€	200€	30.000 – 100.000€	2.000€
500 – 1.000€	50€	5.000 – 10.000€	500€	100.000€ –	5.000€

3. Avgivet bud är bindande och budgivaren är personligt ansvarig för samtliga av honom gjorda inrop. Annullering av bud kan ej ske, såvida den inte är oss tillhanda senast samtidigt med buden. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles, som vore det eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefon- och faxbud, eller genom internet livebudgivning, svarar budgivaren för ev. fel och missuppfattningar.

4. Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från auktionärens sida. Auktionären äger rätt att ej godtaga bud, samt att dra tillbaka, omgruppera eller dela objekt. Auktionären har också rätt att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Han förbehåller sig rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning. Vid två eller flera lika bud på samma objekt från uppdragsgivare, tillfaller objektet den som först inkommit med bud. Vid auktionsuppdrag kan reservobjekt medtagas, eller också kan den totala köpesumman begränsas till visst belopp.

5. Betalning sker kontant, mot postförskott eller mot förskottsfaktura. Objektet förblir säljarens egendom tills full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2% per påbörjad månad, räknat på fakturabeloppet, samt kravavgift med 10€. Dessutom kan ytterligare kravkostnader tillkomma. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar betala, kan objektet utan ytterligare meddelande säljas på köparens bekostnad.

6. Objektet är omsorgsfullt beskrivna, dock kan smärre fel förekomma. Ev. reklamation måste göras senast 10 dagar efter det att objektet levererats. Vid all korrespondens bör fakturanummer anges. Vid godkänd reklamation återfår köparen auktionspris plus provision och eventuell moms. Räntegottgörelse kan ej påräknas.

7. Begäran om förlängd reklamationstid för att köparen önskar sända objekt för expertundersökning, måste ske omgående och inom 8 dagar efter mottagandet av objektet. Experten måste godkännas av auktionären. Auktionären kan vid reklamation kräva intyg från en opartisk, välkänd expert. Objekt med äkthetsintyg kan, om auktionären så anser befogat, och om det ursprungliga intyget är utfärdat av en godkänd expert, endast returneras om minst två opartiska och välkända experter har en avvikande mening. Defekter synliga på foto (klippning, tandning, centring, stämpling etc.) kan inte ligga till grund för reklamation. Reklamation kan ej heller ske om objekt eller märke förändrats genom någon slags behandling. Objekt innehållande fler än 3 märken kan inte returneras på grund av smärre defekter på enstaka märke. Stora objekt kan innehålla både stämplade och ostämplade märken. Samlingar, partier, massvara, kilovara etc., säljes i befintligt skick och kan inte returneras. En differens på 10–20% måste kunna accepteras av köparen.

8. Avgivande av muntligt bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

9. Svensk lag gäller.

Katalognummer och -värden är hämtade ur FACIT för Norden samt MICHEL för alla andra länder och områden, om inget annat anges.
