After view

Now we can look back with pride at a very exciting, intense and an absolutely fantastic auction week. Not only because it was the first time ever we had a four-day-auction, but mainly due to the nice atmosphere which was created by the viewing and auction visitors.

We are also very thankful to all the consigners that entrusted us to sell their philatelic holdings and made this auction possible, and for the success it became. Not least for the many sections of "Name-sales" from long-time clients and friends. Some of them are the result of our delightful cooperation for decades with collectors and organisations in the United States.

Iceland was one of the best and most active sessions in this auction. We had a group of Icelandic collectors taking a 48-hour trip to Malmö, just for this auction. They spread out in the auction room and were all very strong bidders, though getting fierce competition from one big buyer on the telephone and numerous internet live-bidders. This will be a really nice memory for us!

It is very difficult for us to select specific results with so many breathtaking sections this time, e.g. Romania, Greenland, Iceland and DWI just to mention some of them. But we simply have to highlight the semi-modern Danish rarity, the only known unused copy of 4/8 øre with inverted frame. This beauty fetched a hammer price four times the starting price! You will find many other interesting results in this list of prices realized.

If you would like to participate as consigner at any of our coming auctions, we can offer two great opportunities. We will visit the Danish national exhibition "Den muntre" in Hornslet 4-5 November, where we are main sponsor, and **Treasure of World Philately II** in Prague 27-31 October. Please let us know if you are interested in meeting us at any of these events.

We look forward to seeing you soon again!
